

Supporting Vulnerable Pregnant Women
an update of services that can help

Helpful Resources

**Information collated for Hauora Hui
-Updated November 2019-**

Hapai Taumaha Hapūtanga
Crisis Pregnancy Support

This resource is a collation of services and agencies that support women who are pregnant. Health professional's who responded to our survey indicated this type of resource would be helpful. It is by no means complete and suggestions and updates can be emailed to cps.stlukes@gmail.com

Hapai Taumaha Hapūtanga - Crisis Pregnancy Support addresses where possible the social determinants of health for women engaged in this service, a woman's medical care remains with her usual provider. If a woman does not have a GP or a Midwife, we support her to find the care she needs in her location.

On the website, www.crisispregnancysupport.org.nz a version is updated every few months and remains a living document under the "Info for Health Professional's" . Further contributions welcomed.

For suggestions or updates please email cps.stlukes@gmail.com

- HAPAI TAUMAHA HAPŪTANGA - CRISIS PREGNANCY SUPPORT

A Free GP Based Service

WWW.CRISISPREGNANCYSUPPORT.ORG.NZ

Crisis Pregnancy Support is a local organisation based at St Luke's Health Centre which is committed to supporting women who are experiencing an unplanned and unwanted pregnancy.

Care coordinators are health professionals and understand the stress an unwanted or unexpected pregnancy can bring and realise this can be a very overwhelming time. All the options, abortion, continuing with the pregnancy, or adoption make this time as challenging as anything a woman may face.

Women are referred to us from a variety of sources, but are also welcome to self-refer.

We are available to see women who are wanting to carry on with their pregnancy but require more support to do so, as well as those women who are yet to decide what they are going to do.

We partner with each woman, allowing for increasing awareness of all that already exists both within her own support network, and in the community to support her and help her to access these as necessary. We also have access to limited funds that we use from time to time for things such as assisting with learning to drive, household items, baby equipment etc.

We have a Māori Nurse Liaison Educator and a Youth Nurse Liaison Educator to help make our service accessible.

As well as our Acute Response Care Coordinators we also have, as part of our organisation, volunteers who are called Care Support Workers/Navigators who are available to support women through a variety of means such as general support and visiting, assisting with obtaining a driver's licence. On occasions a woman may require accommodation and we have volunteers who are able to assist with this as well. All of our volunteers have been thoroughly vetted and police-checked.

We facilitate care for women if they are grieving related to pregnancy loss.

Appointments are available Mon-Fri at St Luke's Health Centre, Corner Motueka St & Waimea Rd, situated at 105-107 Waimea Road, Nelson

0800 004 CPS (277)

Ph (03) 548 1858 · Fax: (03) 548 0928

CPS liaises with health professionals and support agencies in the Nelson Marlborough Health district and the community to work towards best health outcomes for our clients and whanau. This resource is a living document, created to improve greater access to services and better communication between services in the community. Please contact us if your details need updating or if any additions are needed.

Nelson/Tasman Housing Trust

The Trust was established as a community response to declining housing affordability in Nelson and Tasman. They work in partnership with the New Zealand Government, local councils, Housing New Zealand, Social Housing Unit and other agencies to improve access to good quality, affordable housing to those on low to mid incomes and people with special needs. They also see a need to address emergency accommodation and energy conservation.

Housing New Zealand

Website: www.hnzc.co.nz

House of Grace

www.workandincome.govt.nz; 0800 559 009

ADOPTION

If a client wishes to know more about what is involved in adoption we can help in the following way.

We have several copies of a DVD called “Adoption Options” on hand which outline the process involved as well as a few case studies.

Information about this organization can viewed at

www.adoptionoption.thrive.net.nz

Generally persons wishing to explore adoption contact Oranga Tamariki; Ministry for Vulnerable Children (Formerly: CYFS) as they have the greatest database of information and have established supports to streamline the adoption process.

The ph no. for the Nelson office is 9891981 but the personnel who deal with adoption are best accessed through the national no. which is 0508 326 459.

Oranga Tamariki; Ministry for Vulnerable Children in Nelson is located on the 2nd floor of the Munro Building, 186 Bridge St Nelson, near the Court House. It is recommended that a woman considering adoption take a support person with them.

A final decision about adoption cannot be made before the baby is 12 days old.

AOD - ALCOHOL AND OTHER DRUGS

A service for people experiencing problems with alcohol and drug addiction is provided by Nelson Marlborough Health and is located at 31 Pascoe St, Tahunanui, Nelson.

They are open from 8:30-5pm, Monday to Friday. Phone (03) 546 1994 if you wish to make a referral or discuss a client with an addictions consultant.

Sally Judson-O'Brien is an Addictions Clinician currently working at Pascoe St with a particular interest in clients with addictions who are also pregnant. Email: sally.judson-o'brien@nmdhb.govt.nz

BABY CLOTHES AND EQUIPMENT

COUNSELLING

A limited number of funded counselling sessions (up to four) are available through the client's GP through a scheme called the Primary Mental Health Initiative. A PHO funded counsellor is also available through the Brief Intervention Scheme. You or your client would need to contact the client's GP to initiate this. For more information on this scheme phone Nelson Bays Primary Health on 539 1170 or go to <http://www.nbph.org.nz/programmes-and-services/mental-health-service/primary-mental-health-initiative/>

Lifellnc (formerly Lifeline Nelson) offers free Face to Face Counselling for up to 10 sessions. Ph (03) 546 8899 or 0800 468 899

ACC funded counselling needs to be with an ACC registered counsellor.

There is also funding (up to 10 which can be renewed) through the disability allowance usually available for counsellor of client's choice.

Brief Intervention Service, Michele Young RN/Counsellor, Nelson Bays Primary Health Organisation.

Family Violence: It's Not Ok

Any behaviour that makes someone else feel controlled and fearful is never OK. Everyone in a family or in a relationship should feel safe and nurtured. A healthy relationship is supportive, trusting and warm. But in some relationships one person uses power and fear to control the other. These relationships are emotionally abusive and can become extremely unsafe.

People in violent relationships feel frightened. They feel as though they cannot be themselves because their actions, thoughts and choices are determined by the person who is controlling them. Witnessing violence at home makes children feel scared and alone. It can affect the way they behave and lead to problems at school or with their friends. Experiencing violence can physically harm children, make them anxious and fearful and affect the way their brain develops. No one should be frightened of their partner or someone in their family.

If you are frightened and fear for your safety or for someone else, call 111 for immediate help. 0800 456 450 -

Info Line www.areyouok.org.nz (positive relationship quiz, is a useful tool)

Youthline

Youthline works with young people, their families and those supporting young people. Established to ensure young people know where to get help and can access support when they need it.

FAMILY SUPPORT SERVICES

Anglican Care Trust

The Diocese of Nelson Anglican Care Charitable Trust is committed to the Christian values of love, service and justice.

The Social enabler is Gerrie Mead. Funding support for women and whanau can be accessed by contacting Gerrie Mead - socialservices@nelsonanglican.nz or 021 277 1504 (or for CPS clients through the CPS administrator).

Bellyful

www.bellyful.org.nz

Bellyful cooks and delivers meals to families with newborn babies and families with young children who are struggling with illness, where there is little or no family or social support.

Family Start

Family Start is an intensive home based service for families experiencing complex issues which impact on their parenting. Referrals can be made during pregnancy and up until a child turns one year of age. In exceptional circumstances a child up to two years of age at the time of referral may be considered. The programme targets the highest-need families and provides

practical advice, support and parenting education to ensure that their children have the best possible start in life.

Phone: (03) 547 0940

Family Works

Family works Family Works Youth Service is part of the Government's welfare reforms and represents a radical shift of Work and Income case management to community groups.

It provides a wrap-around support service for young people who are eligible for Youth Payment or Young Parent Payment. Support is tailored to the individual needs of the young person and focuses on encouraging them to fulfil their potential and develop a range of relevant skills for the future

360 Annesbrook Drive Stoke Nelson 7011 (03) 547 9350

Open Home Foundation

Located at 40 Buxton Sq, Central City Arcade, Nelson. Ph. (03) 545 9172.

Charitable trust working within the provisions of the Children, Young Persons and Their Families Act (1989). They are primarily involved in the short and long term provision of foster care for families that are struggling.

Plunket

Plunket sees more than 90% of newborn babies in New Zealand each year. Plunket offers parenting information and support as well as developmental assessments of your child.

Support is offered through home visits, clinic visits and play groups. Plunket also has a car seat rental scheme.

Ph: 539 5200

Services for Youth

Targeted Youth Health Service

The Targeted Youth Health Service provides a mobile nursing service by a Registered Nurse who is skilled in youth health and development for students, aged 12–20 years and enrolled in Alternative Education and/or Youth Transition services. Comprehensive youth health assessments are offered with follow up care provided in collaboration with the young person.

The objectives are to:

- Improve access to primary health care of young people with high needs
- Improve youth health and reduce inequalities
- Promote overall improvement in the provision of services to young people in the district, through developing workforce and best practice approaches.

Referrals are taken from Alternative Education and Youth Transition services. This is a free service.

SVS-Living Safe

Offers free education, support and counselling, for men, women and children who have been and/or are affected by family violence.

Nelson Office: 124 Vanguard St. Phone: 548 3850. Text: 027 548 3850

Motueka Office: Jack Inglis Hospital. 15b Courtney Street. Phone: 528 8976

Youth Alcohol and Drug Support

The Youth Alcohol and Drug Counsellor provides a mobile service to young people who have moved from mainstream schooling to an Alternative Education facility. As well as providing assessment and treatment for alcohol and other drug use/abuse issues, mental health issues may be identified and referral to the appropriate service/agency made.

Referrals are taken from the Targeted Youth Health Nurse. This is a free service.

Social Bubs

Helping to prevent social isolation. Email: socialbubsnz@gmail.com Website: www.socialbubs.co.nz

Strengthening Families

Strengthening Families is an early intervention strength based support process which is there to enable families to negotiate their challenges.

It is primarily for those whose problems are not so large that they require statutory intervention (i.e. a Family Group Conference).

To be eligible for Strengthening Families, families must have:

- 1 or more agencies supporting them (can include schools, G.P. so criteria is easy to meet)
- Dependent children under the age of 18
- Challenges that would respond to a coordinated, multi-agency approach.

The family must also consent to the process and are very much at the centre of the process. This means that only the agencies they choose will be present they set their own goals and choose how and where the meetings will be run.

Sf uses a trained independent facilitator to ensure the family are at the centre of and are happy with the support plan developed. The plan is reviewed at an interval decided on by the family and SF team and updated as required.

Pepi First

Deciding to stop smoking is one of the best things that can be done for the health of the mother and baby.

Pepi First quit smoking coaches are available to help pregnant women do this, and they will be rewarded with vouchers as they reach milestones in their smoke-free journey.

It's free for all pregnant women in the Nelson Marlborough region.

Benefits include:

- Vouchers to reward progress
- Intensive one-on-one support with a 'quit coach'
- Home visits, workplace support and community clinics
- Nicotine replacement therapy
- Information about other quit smoking products and services
- A complementary approach to the Quitline service that offers 24/7 support.

Pepi-pods

These cots are designed for families who prefer to co sleep with their baby. The risk of sudden unexpected death in infancy (SUDI) is greater for those mums who smoke. Forty-four babies died from sudden unexpected death in infancy (SUDI) in 2015 in New Zealand. The New Zealand Child and Youth Mortality Review Committee (the CYMRC) believe 27 of those deaths were preventable.

Staff at Nelson Marlborough Health have invested \$6,000 in 60 new safe sleep pods. Parents will be able to borrow safe sleep cribs as part of a special project geared to protecting babies at home. The cots, called Pepi-Pods will be available to families who prefer to co-sleep to borrow and use at home.

Information on how to access a pepi-pod is via the Lead Maternity Carer (LMC)

Te Ropu Wahine Māori Toko i te Ora (Māori Women's Welfare League Inc)

Te Ropu Wahine Māori Toko i te Ora, is an organisation that adheres to Māori traditional values and concepts, while advocating for Māori people throughout New Zealand. Their focus is to improve the wealth of Māori, be that spiritually, social wellbeing or economically. This organisation has initiated many different programmes to assist Māori to reclaim their tino rangatiratanga (sovereignty) as a people taking control of their own destiny and has provided a model to guide Māori people to succeed in the future.

MENTAL HEALTH

Nelson Community Assessment Team (CAT)

They can be reached from 8.00am to 4.30pm, Monday to Friday on (03) 546 1421 or 0800 776 364; After hours call the hospital (03) 546 1800 They offer assessment, intervention and ongoing treatment for people over the age of 18 with serious psychiatric disorder and/or severe emotional/behavioural problems of a psychological nature.

If you have concerns about a client that are not necessarily alarming enough to warrant contacting the CAT it is important to put together a “plan” in conjunction with the client so that they know how to access help reasonably quickly if they need it.

Reflection from a Hapai Taumaha Haputanga - Crisis Pregnancy Support Acute Response Care Coordinator on an example of working up a safety plan.

The plan would be making sure they have the following phone numbers:

1. Their own G.P. and LMC
 2. Medical and Injury centre (open 8am-10pm daily) 5468881
 3. 0800308004 for free 24hr health advice
 4. Location of Emergency Dept (Waimea Rd, Nelson) beside Medical and Injury centre
 5. Tipahi Mental Health contacted through hospital operator (5461800)
- If the client is under the care of the Mental Health team you may, with their permission, contact them.

Nelson Marlborough Health – Child and Adolescent Mental Health Service (CAMHS)

MENTAL HEALTH & ADDICTIONS SERVICE

Service Description: CAMHS is a regional service for children and youth with serious mental health disorders, suspected psychiatric disorders or serious psychological disorders up to aged 18 years. Particular priority will be given to youth at risk of suicide or attempted suicide.

The CAMHS team works closely with community organisations and agencies, in particular Child, Youth and Family and the Specialist Education Services. They ask you to sign their consent form to let them share information so you can work with them and together make the best possible plan.

Gateway Housing Trust

Mental Health Services – Nelson, Tasman and Wairau

Gateway Housing Trust provides residential and community support services to young people and adults who experience significant difficulties as a result of mental illness. All referrals to Gateway Housing Trust services come through NMDHB Mental Health Services. Support is provided by teams of qualified and experienced Community and Residential Support Workers who work

collaboratively with service users to help them identify and meet their chosen goals.

Milton Court Residential Service

This service is located in a residential area within ten minutes walking distance of central Nelson. The service accommodates ten adults, each person having their own individual flat. There is an office on site with 24/7 staffing, 365 days a year. The office is open from 8.00am to 10.00pm each day but staff may be contacted at any time outside of office hours. The staff who work in this service have the Certificate in Mental Health Community Support Work as a minimum qualification. All food, linen and services are supplied by Gateway Housing Trust.

Gateway Housing Trust – Youth Services

Gateway Housing Trust (GHT) recognises that older adolescents and young people have specific requirements which are different from adults, particularly in regards to their mental health. To best assist young people, GHT has developed both community and residential services which are staffed by trained, Youth Support Workers. These services are available to young people between the ages of 12 – 22 years (although exceptions can be made), who are experiencing difficulties as a result of mental illness. Referrals to these services are made through NMH Mental Health Services.

Postnatal Depression

A service which provides information and resources on PND and/or Anxiety. It offers individual support with trained Support Workers and qualified Counsellors; refers to other services and links to therapeutic and social groups.

Address: 319 Hardy St, Nelson, New Zealand;

Ph: (03) 548 3555 Email: postnataldepression@clear.net.nz

PADA (Perinatal Anxiety and Depression Aoteroa) Championing perinatal wellbeing in our communities.

Website: www.pada.nz

Snapshot Youth Services

Snapshot services have been operating since 2010 and grew out of the observation from Gateway Housing Trust mental health (MH) youth work, that there was a significant number of at risk young people in the community who would benefit from support, but who did not fall within the MH criteria.

Snapshot provides brief, assertive intervention with 1:1 support and access to counselling for young people and/or their families or caregivers. Referrals are accepted from CYF – Youth Justice, school counsellors, NZ Police, GP's and other community agencies. Families may also self-refer.

Suicide Crisis Helpline

Provides a 24/7 confidential and free telephone counselling and support service for those who may be thinking about suicide, or for those who are concerned about friends or whanau. This helpline is staffed by highly experienced helpline counsellors with training in suicide prevention and intervention.

Call: 0508 828 865

MULTICULTURAL COUNCIL

Nelson Multicultural Council is a non-government organisation which supports migrants, former refugees and people from minority ethnicities in the Nelson/Tasman region with their settlement process. It also promotes positive race relations through community education, ensuring people of all ethnicities feel empowered so that they can actively contribute to our community.

A **NMC Field Worker**, is happy to sit down and discuss the issues affecting successful settlement and assist adaption to this new community. They can provide useful information, help prioritize needs and work with the client to address those needs, either through introducing them to relevant services/agencies or networking with others in the community. Contact: info@nelsonmulticultural.co.nz or (03) 539 0030

VICTORY COMMUNITY CENTRE

VCH is a community based organisation offering no or low cost accessible and appropriate health and social services to Victory Bishopdale and Washington Valley residents and others who are supportive of our goals and values.

We also offer a range of recreational, social and cultural activities to support the wellbeing of residents.

Our mission is to provide community based, low-cost, accessible, appropriate and high quality services and activities which support health and wellbeing.

2 Totara St, Victory, Nelson - Phone: (03) 546 8381 or (03) 546 8389 - Fax (03) 539 0652

WOMEN'S REFUGE

1a Wainui St, Nelson - Ph: 0800 16 33 44 (03) 5483353 (crisis) or Ph: (03) 5483356 (office)

We offer domestic violence support services to women, youth and children regardless of whether they're Māori, Pakeha, Pasifika, a migrant or refugee woman, lesbian, women with disabilities, older women or even a visitor to New Zealand. Nearly all of our services are free and there's a huge number of ways we can help.

A friendly and skilled Women's Refuge advocate will talk to women who are concerned about their safety in their relationship; help them and their children make a Safety Plan; provide a safe place to go to if they need help urgently; help whether or not they have or will leave the relationship; enrol them in support programmes if they want to; give educational talks about healthy relationships; as well as talk to anyone who wants to help someone they know.
